

# Changing the public charging tariff and pricing policy

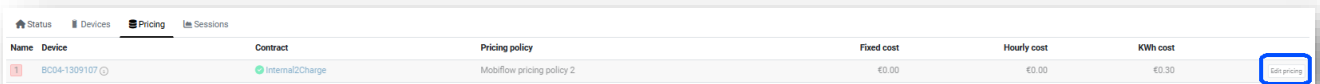

1. Log in to your company account at <https://my.mobiflow.be/sp/customer> with your email address and password. In the left-hand column, click 'Charging points' and select 'Locations'.

2. Click 'Pricing' to adjust prices for public charging sessions.

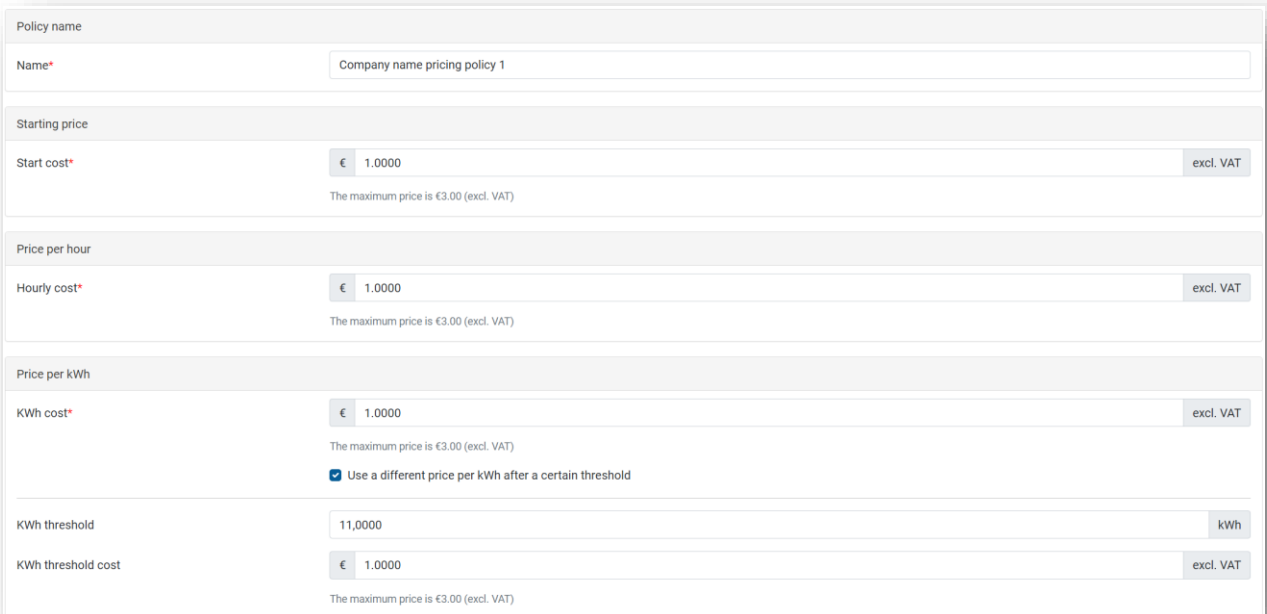

- Click 'Edit pricing' to make any adjustments to the charging point where you want to change the tariffs.

Name	Device	Contract	Pricing policy	Fixed cost	Hourly cost	KWh cost
BCD4-1309107		Internal2Charge	Mobiflow pricing policy 2	€0.00	€0.00	€0.30

- Adjust prices where necessary and click 'Define tariff policy' to save.

Policy name

Name\*

Starting price

Start cost\*  excl. VAT  
The maximum price is €3.00 (excl. VAT)

Price per hour

Hourly cost\*  excl. VAT  
The maximum price is €3.00 (excl. VAT)

Price per kWh

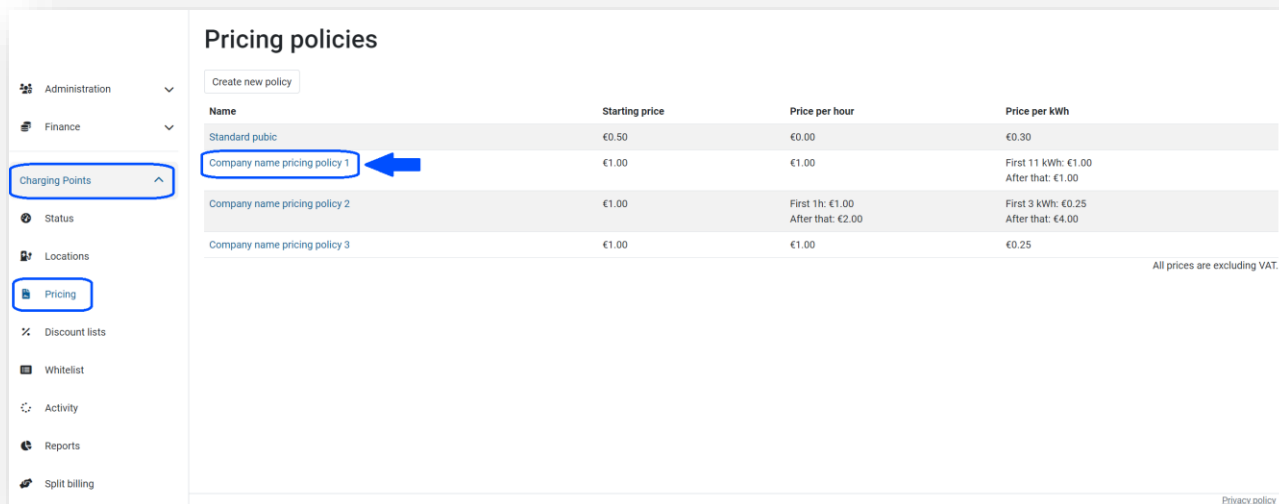

KWh cost\*  excl. VAT  
The maximum price is €3.00 (excl. VAT)  
 Use a different price per kWh after a certain threshold

KWh threshold  kWh

KWh threshold cost  excl. VAT  
The maximum price is €3.00 (excl. VAT)

- Your public tariff has now been adjusted.

The price components **Start Price**, **Price per Hour** and **Price per kWh** are part of a **Pricing Policy**. To change a Pricing Policy, log in to My Mobiflow using your company account <https://my.mobiflow.be/sp/customer> with your e-mail address and password. In the left-hand column, click *Charging points* > *Prices* > *Create new policy* or *select an existing tariff policy* you wish to change.

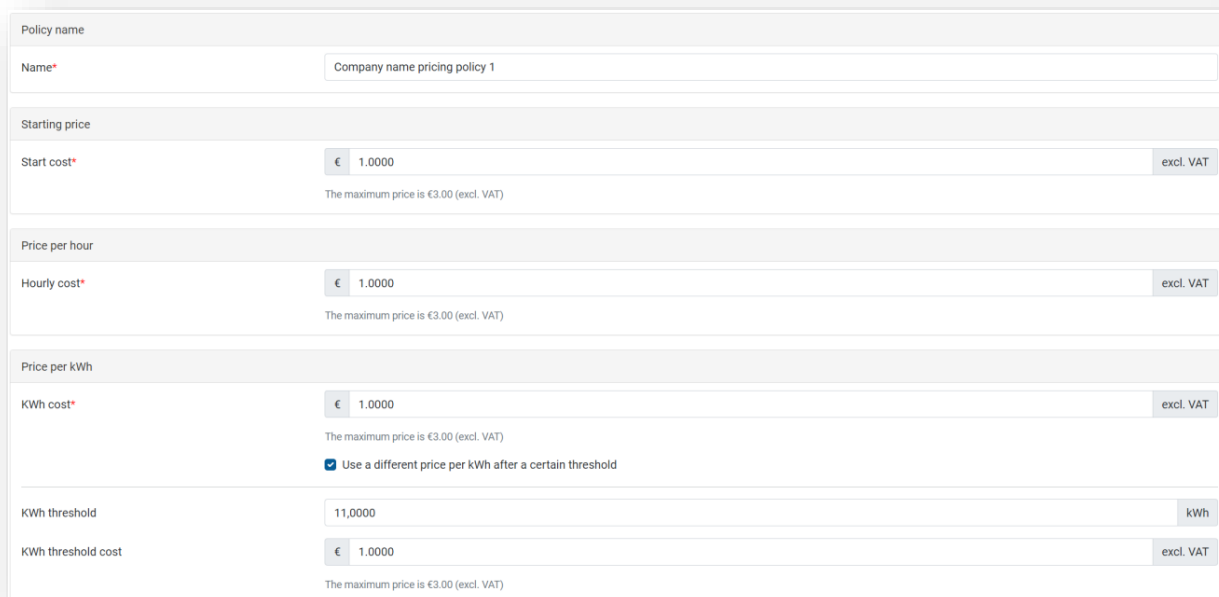

**Pricing policies**

Create new policy

Name	Starting price	Price per hour	Price per kWh
Standard public	€0.50	€0.00	€0.30
Company name pricing policy 1	€1.00	€1.00	First 11 kWh: €1.00 After that: €1.00
Company name pricing policy 2	€1.00	First 1h: €1.00 After that: €2.00	First 3 kWh: €0.25 After that: €4.00
Company name pricing policy 3	€1.00	€1.00	€0.25

All prices are excluding VAT.

Adjust price components where necessary and click 'Define tariff policy' to save.
